Congratulations! You have successfully completed the online Machine Learning course (ml-class.org), offered April through July, 2012. To successfully complete the course, students were required to watch lectures, review questions and complete programming assignments. Your score was as follows:

Review Questions: 80.0   out of 80
Programming Assignments[1]: 750.0 out of 700

Sincerely,

Andrew Ng

Associate Professor

Computer Science Department

Stanford University

[1] Your programming assignments score may be higher than 700 because of a possible 50 points of extra credit.

Please note: This online offering of Machine Learning does not reflect the entire curriculum offered to students enrolled at Stanford University. This document does not affirm that you were enrolled as a Stanford student in any way; it does not confer a Stanford grade; it does not confer Stanford credit; it does not confer a Stanford degree or a certificate; and it does not verify the identity of the individual who took the course.
